Sermon Series: The Battle Belongs to the Lord

Sermon Title: Joshua 1

Scripture Passage: Joshua 1:1-9

Getting Started

1) Read Joshua 1:1-9 together again. What new insights has the Lord revealed to you this week?

2) Pastor Dan brings up a great point...Scripture is God's great narrative. In it he tells us about himself, what he loves, what he hates, and how we are to imitate him. What does the beginning of Joshua tell you about God?

3) There is so much tension revolving around the land of Israel. In these verses it is clearly revealed that it is God's land, his to give to whom he wishes and to take from them as well. how can this truth add to how we look at the command of the destruction of the Canaanites differently?

4)	We always say that God keeps his promises. We read it in scripture, but if we are going to be honest, we don't always truly believe it. God has made promises to Abraham, Isaac, Jacob, Moses and finally Joshua is the one to see it mostly fulfilledhow does that strengthen your trust in the promises of God for you?
5)	As Pastor Dan stated, we tend to meditate on material things that then move us from heavenly oneswhat keeps your mind away from scripture and the eternal truths it teaches?
6)	"God's commands are to be followed by action" Pastor Dan challenged. How can we be living out our lives differently by actually living out God's commands? What are some God's commands that you can obey this week?
7)	Pray for one anotherpray that we would stand strong in the Lord and that we would follow our words with action of obedience. Pray also for our Pastors, especially Pastor Jerry who is on vacation and Pastor David who is in Nigeria.
