

God's Conquest of Jericho

Joshua 6

Every Christian living in God's will constantly faces three dangerous battlefronts:

1. The world (cosmos) includes the combination of godless values, ideas, temptations and evil influences rooted in pagan culture and under the direction of Satan.
2. The flesh encompasses all of the evil internal thoughts, desires, attitudes and actions that arise from our old sin nature.
3. The devil and his evil army of demons are fallen angels who pester, tempt, deceive, afflict, counterfeit and bring internal accusations against us.

Fight FROM victory, not FOR victory (vs. 1-5)

Overcome the enemy by FAITH (vs. 6-16, 20)

Always give God the CREDIT for the victory (vs. 17-19; 21-27)

Conclusion: The story of Jericho ends in victory, but it also comes with a warning.
